Work Related skills

- Experience in using Photoshop and illustrator, learning to use After effects and premier pro
- Social media experience – Instagram, Facebook
- Learned to make a game in unreal engine
- Computer maintenance – built my own computer, proficient with Microsoft windows
- Started learning 3D – Zbrush and blender

Relevant Work History

Domino's Pizza

Amesbury, Salisbury

Currently i work as a customer sales and support Representative, I work like 10-16 hours a week. I help customers with orders or any refunds that I must put through. I also sort deliveries and coordinate it with drivers to go out Aswell as helping customers with any missing deliveries.

- Provide consumers with suitable service
- Introduce consumers to new deals and products and share that information with the team

Personal work Commissions

Amesbury, Salisbury

During covid I used to stream to people across the world and I would create graphics and drawings for my stream itself, I ended up getting customers interested in the work i created for myself, I designed drawings and banners for people on different discords on request, this allowed me to try and learn new software in the process such as blender.

- Working independently with a client
- Meeting deadlines and churning different work
- Learning new software needed for the job

Work related skills

- Adobe Creative cloud – Photoshop, Illustrator, Premier pro, After effects, InDesign
- Learning to use 3D – ZBRUSH, Blender
- Social media experience and engagement- Instagram, Discord, LinkedIn
- Learning coding – Visual studio code for my own personal portfolio website
- Can use Microsoft operating systems some light use with mac os

Additional activates

- Drawing and designing – generally design and draw on my free time, creating graphics/ posters and art pieces for myself and others.
- PC enthusiast – enjoy building and tweaking my pc to get the best performance when it comes to gaming or rendering.
- Post my work on social media in the past time hoping to build a community of people who enjoy similar experiences and hobbies
